

URGENCY in Ukraine:

How can you be a
part of the answer
for the Ukraine?

MAIDAN

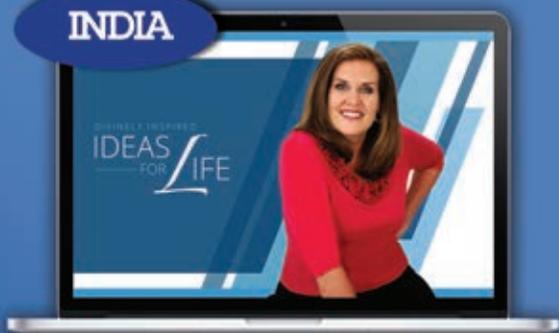

Imagine losing your family, your possessions, and your community in just a matter of hours? We have just recently returned from the Ukraine where we met dozens of displaced ministers and church members who have lost their churches, homes and even family members.

What would you do if you found yourself in this situation?

We were busily making preparations for our upcoming India trip when suddenly we received a call to help on the borders of the war-torn regions of the Ukraine. Even now, the Lord is speaking to our hearts to build an additional tent factory, train workers and help thousands of Ukrainian ministers respond in the midst of critical times! We are busy! You are busy but we believe together we can respond to this request and release the next wave of Gospel laborers not only for the Ukraine, but for all of Europe!

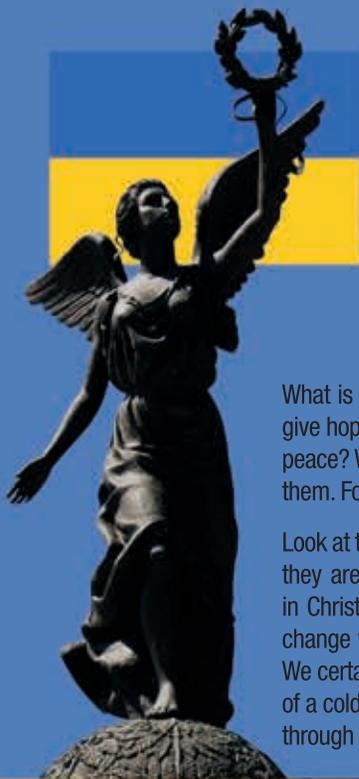

INDIA

India

The urgent need to respond to the Ukraine created a vacuum of time and resource, but did not postpone or delay our India schedule, which, as you read this, we are continuing. Stand with us as we maintain our commitment to minister to the masses, feed and educate the children and lay the ground work for our women's ministry center in India!

What is our action step in the middle of these historic changes? What will give hope of a better tomorrow to the 46 million Ukrainian people who want peace? We have prepared books to lift them, to empower them, and to heal them. For \$1 we can print one book and for \$2 we can send it.

Look at the joy on the faces of the young people. Just think of the challenges they are facing – YET they have chosen the higher road of commitment in Christ! The young students of the Kharkov region are being seeded for change with books! Do you recall the impact books have had in your life? We certainly do. At times books were the only resource we had in the midst of a cold, dark Soviet landscape! Today the Gospel is making free advances through the printed page! A million more people are waiting.

Do you remember what the exuberance of youth feels like? Nothing touches us more than a group of young men and women ready to make their mark in the earth. In Kharkov, the educational center of Ukraine with over 400,000 students, we feel the hunger, energy, and enthusiasm of the young. We ignite their imaginations with proven life principles and provide a sure foundation of faith from which they will launch.

student quote:

“Now I know what my dream is. I want to be a writer. I can touch people through the written page.”

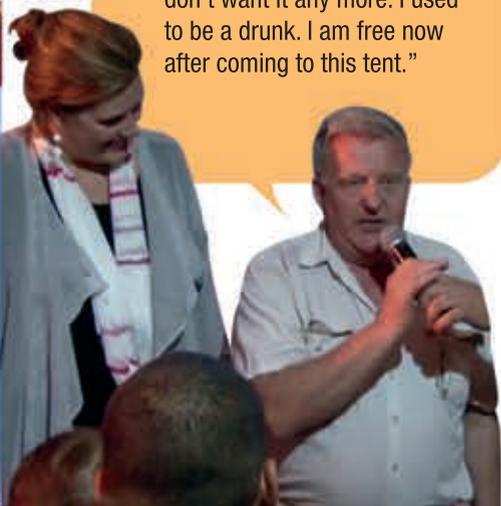

student quote:

“After listening to Kevin and Leslie I want to be an evangelist.”

TESTIMONIES

"I was drinking for 45 years. I don't want it any more. I used to be a drunk. I am free now after coming to this tent."

Have you ever awakened in pain every day for a week or a month? How pain tries to dampen the spirit! This lady from Pershotravensk, Ukraine awakened in pain every day for 10 years until this night when she encountered Jesus and can now stand up without the crushing ailments.

EVANGELIZING

The Power of God's Word

Is the Bible just a book of history? Are scriptures stagnant information to just be memorized without application in our modern world? No... Every night we lay out the Gospel promises of God to whomever will listen, then we pray with the people for Christ to enter their lives, spirit, soul and body!

NEW destinies begin, NEW health is restored, NEW hope for everyone, NEW birth of many who live in fear and darkness. Only the living God can verify the words of Scripture.

"And my speech and my preaching was not with enticing words of man's wisdom, but in demonstration of the Spirit and of power" (2Cor. 2:4).

Where is our focus? God's number one call! **GO into all the world.**

Tell **GOOD NEWS** of who Jesus is and who you are.

GIVE new life! a lift to the downtrodden, light to the darkness, health to the hurting, peace to the fearful, and life to the dead.

WHAT DO WE ASK OF YOU? Time, talent, treasure, prayer and resource! What does HE ask of you? Remember: that whatever you choose to do, do it with joy! The Lord is speaking to our hearts to come back to the Ukraine and help thousands of ministers who are helping the displaced and brokenhearted! What would you do if you lost everything? What can we do together to help these precious people? We have been working in these territories since 1991! The churches have grown very large – YET the harvest is barely touched and the needs are great! Every gift counts! Every prayer is important!

FEARLESS DURING CRISIS ▲

Do you remember the last time God placed you in the midst of a crisis scenario? And you wondered “what can I do?” We are honored to be with these Ukrainian tent ministers right now in the harvest of souls. We are answering their heartfelt questions as many of them go into the war-zone of Ukraine to lift the spirits of the believers under stress who have lost much over the last 5 months. They fearlessly start new churches and nurture the ones who have gone underground. Your prayers are not in vain for these unsung heroes of Christianity.

Several evangelists said: “Old religious thinking has been broken. God is with us! We are inspired to continue tent ministry in Ukraine, and then on to Europe.” What an amazing group of young men! Despite their difficulties they look to Europe and beyond with Love!

The Gospel Shines Brightest in the Darkest Hour!

Nations are often defined by moments of change and conflict. We have all heard it said The Gospel shines brightest in the darkest hour. "Blessed are the peacemakers: for they shall be called the children of God..."

How many of you remember meeting the Lord in a public meeting? We hear testimonies around the globe of people who first came to Christ in a large public gathering.

DUPLICATE A TENT FACTORY in the Ukraine. We have workers committed to learning the craft! We have the plans not only for the factory but for building the tents so that Ukrainians can launch evangelical ministry to their fellow countrymen as well as to the countries of Europe. \$50,000 will supply the funds for the factory and the first few tents. **Our Goal is to build 6 new Ukrainian tents** over the winter months for the next harvest season!

Support a tent evangelist. 15 people giving an extra \$25 a week will put Andrew and his family full time on the road from village to village.

Our money is holy. It represents what we do with our life. It reveals our heart. It is a sacred gift when you give part of your life to save another life.
