TO THE PASTORAL COMMITTEE
(*Miracle-Life Seminar & Crusade*)

"We Christians are mirrors that brightly reflect the glory of the Lord. And as the Spirit of the Lord works within us, we become more and more like Him." 2Cor.3:18 LB

Believe me when I express how deeply I regret not being physically able to fulfill the events you scheduled with Dr. Kevin McNulty. God has favored me with 84 years of unfaltering strength. But as age imposes limits, certain physical signs forbid air travel and the stress that preaching and teaching incur for a while.

But we must not allow the enemy to steal the victory that you have planned with Dr. McNulty. Proceed just as you had scheduled with me. Don't give the devil an inch. Drs. Kevin and Leslie are a remarkable couple with 30 years of miracle ministry in many nations, with great crowds. They are seasoned in miracle evangelism, and are talented in ministering to crowds of people. They have directed my *National Miracle Seminars* and *Public Festivals* for several years in many nations and every event has been triumphant. They are involved globally so take advantage of their schedule and welcome them to carry on just as you had planned for your area.

McNultys are mature faith ministers with years of successful evangelism and missions throughout the Far East, South America, all across Russia, Eurasia, Africa and Europe. They have worked with me in these great events for over 16 years and their record of ministry has been superb in all aspects.

They have initiated an awesome evangelism ministry across Russia and Eurasia, projecting 100 Gospel tents and Gospel Teams of young national preachers. Over 25 teams and tents are already in action. Thousands of young people are being saved in these ex-Soviet nations. They are installing a tent factory to fabricate their own tents and save costs in freight and customs.

For months I have sensed in my spirit that a new chapter is opening for my remaining years. Serious physical signals have alerted me not to over-stretch myself trying to fulfill the events scheduled.

So I have asked Dr. McNulty to cancel my commitments through 2008 and to give me a year to recoup my physical strength.

In my spirit, I see this as a strategic moment and a sacred challenge for the churches of your area to proceed with plans, and not to change one detail nor let the enemy cheat the churches and people of your area out of the miracles He wants to manifest.

I will re-direct my energy this year from the pulpit to my pen, and the devil will be sorry that he caused this pause, because what I have planned to write will be the BEST that I've produced. We publish in 132 languages. The Lord's guidance has been very clear and I have lived long enough to know that life is best when we follow Him.

Dr. Kevin's wife, Dr. Leslie is a powerful woman preacher and business woman. They have had 30 years of successful ministry in miracle campaigns in nations abroad, and they have directed my own Seminar and Miracle Crusade events for about 10 years. They have shown great wisdom and leadership, faith and wisdom in all aspects of directing our campaigns.

I hope you will not miss this opportunity to welcome them to carry on the seminar and crusade just as if I had come.

The anointing that has rested on our events like the pillar of fire over Israel, can be like a fresh impartation to the ministers and believers of your area. They will see that God's miracle power is not limited to those who are better known, but only to those who have the faith to preach and to act on His Word—to those who love people enough to bring them His message.

I am deeply grateful to the McNultys for being such a significant part of ministering with me for several years. Our relationship has truly been confirmed by the hand of God.

Your special friend and co-worker with Christ,

T.L. Osborn
