This is the hour for America again and coming to America is a new Tent Awakening! Christian Adventures International is embracing this awakening with the Tent Nation™ Project for 50 States, training 50 Teams and commissioning 50 Tents.

OUR STORY!

In 1998, Christian Adventures International along with her faithful partners launched the 100Tent Project in Belarus with just five evangelists and one tent. Today, with over 120 tents, dozens of teams and two tent making workshops, we celebrate over 1000 tent raisings and 86 tents produced in our own workshop. Built on the strength of the 100TENT Project, CAI's leaders now believe the time has come for Europe and the USA, fulfilling ancient European prophecies about an awakening that would begin in Russia move into Europe and then encompass the entire globe before the Lord's return!

**Just as America seeded Russia with the Gospel our Russian teams are seeding America with the Gospel!
Tent #100 of the 100Tent project was donated to the USA by the Russian Tent Factory!**

The launch of Tent Nation – with its sights on all 50 US states – is a bold move largely bolstered by a recent prophecy by our own Estonian evangelist, a request by Christian Adventures board of directors, and an announcement by Kenneth Copeland and Pat Robertson that the tent anointing is back!

The Lord impressed CAI leaders that another Jesus Movement is coming to America and it is not like anything America has ever experienced. **Even with approximately 400,000 churches, the Gospel has not significantly impacted the culture of America in our generation. It's time for change!**

WHY TENT NATION?

Someone might say, "Oh, tents? We've had those before. Tents are a thing of the past...."

First of all, this is not your granddaddy's style of tent ministry! This is a fresh approach to tent evangelism incorporating augmented reality, a Tent Nation app, social media, music, and festival activities while preaching an upbeat message of hope! Every generation deserves a witness of Christ. Today's young generation says, "I can't wait to get outside of the church walls and communicate the Good News!" The young people are telling us, "I have only experienced Christ within the four walls of the church."

The tent is a CHURCH WITHOUT WALLS where individuals feel the liberty to come and go as they wish. It is an open experience of the living Jesus and it does not require that you know the club rules.

TENT NATION is not preaching Church Culture under the tent. We are demonstrating the Christ Culture to our community through miracles, music, and Good News messages in an international festival environment!
