**Wow,
What A Year!**

1996 was a year to remember. It is an honor to reach one city. It is a wonder to reach Ten cities, but this year through crusades, books and tapes we were able to influence people from close to FOUR HUNDRED cities in the former Soviet Union, as well as preach in five other countries. Some ministries are called to dig down deep, but Leslie and I have always felt the desire to spread our wings and fly. We are living that dream as the wind of the Holy Spirit has lifted us to places and people we have never seen before. The power hidden in God's simple Gospel message works as well in Australia as it does in Moscow. It changes lives in Finland as much as in Nigeria. It is unchanging, and yet always fresh at the same time because believers expect it to work in their lives.

Ministering at the conferences this year has been a tremendous blessing.

Travelling with the Osborn's this year has been a great enriching experience.

We could not talk about 1996 without mentioning the ministry team of Dr. T.L. Osborn and Pastor LaDonna Osborn. Their ministry proved to be a catalyst for drawing the churches together and opening up the revelation of God's power, as well as Woman's rightful place in ministry.

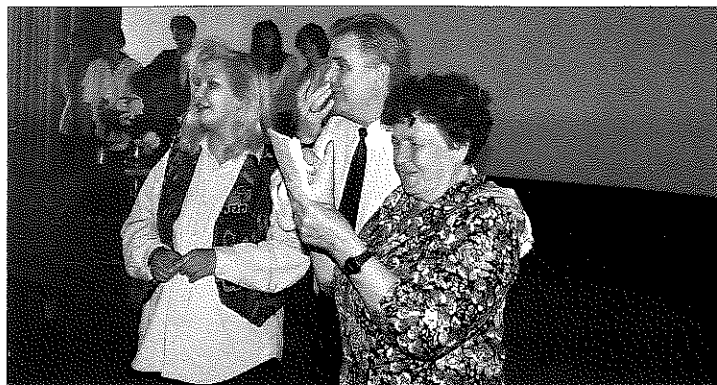

One of our Pastors summed up Dr. Osborn's impact by saying, "We have had many great men of God visit us. When they came they were great, and when they left they were great, but this is the first man of God that when he left, we felt that we were great!"

Raising up people to their full potential in Christ is our goal, and the Osborn's carried that message as we travelled across the former Soviet Union. Our potential has been stretched, and we plan on stretching your potential...

Exposure is another key word for this year. Exposure to new ideas, exposure to new methods of mass evangelism, exposure to Christ-like people. We have been exposed to the best and expect it to rub off on you too!

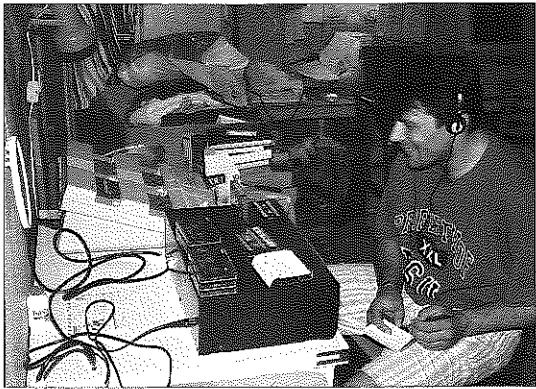

1996 was a year for miracles! At one service Kyrgyzstan there were 26 recorded miracles; evidence indeed that miracles are not the testimony of yesterday, but they are the witness of our loving Savior today...

This lady was partially blind and unable to read. Now she reads her Bible to the church!

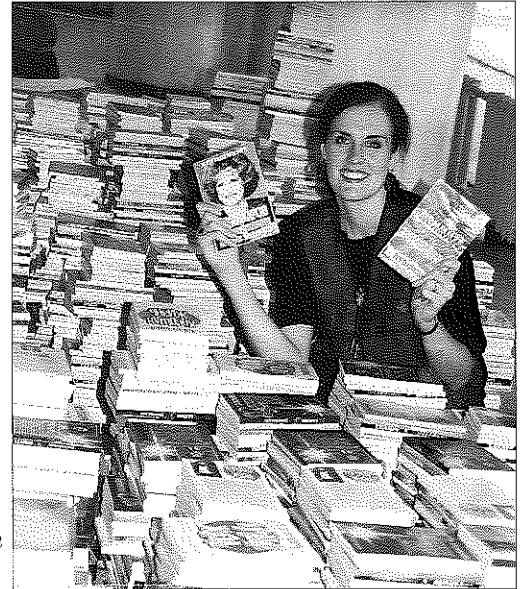

This Muslim man was saved at one of our outdoor evangelism meetings in Central Asia. He brought his wife & family to a conference this year, and told us of his new life in Christ!

Muslim's have some of the greatest obstacles to overcome in receiving Jesus as their Lord. But it has been proven that God's Word can penetrate even the most religious mind through the power of Love.

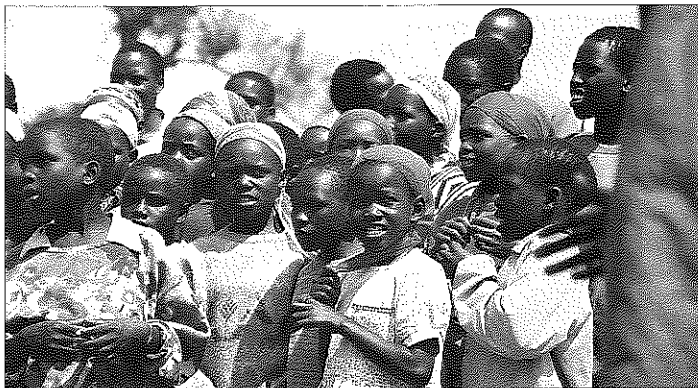

Thousands of tapes are now distributed throughout Russia, thanks to a gift from a church in New York...

1996 was a year for Literature and Tapes. This was the year we had our first book published and in the hands of the Pastor's and business leaders of the former Soviet Union. 10,000 copies of a book teaching the keys to financial prosperity are making a difference in breaking the poverty spirit over Russia.

Leslie is pictured with some of the 100,000 books donated by the Osborn's for distribution throughout these needy nations...

Your Gifts Are Making A
Difference In All These Areas!**

This was the year that the world opened up again and we launched out into countries like Columbia, Finland, Nigeria, Kenya and Australia. Why should we reach the outer most parts of the world? First, we need to bring Russia to the Body of Christ and the Body of Christ to Russia, and second, to share what works in our field with other fields.
